An ISO-9001 Company

LOCKING PLIERS

- Jaws are made high grade chrome vanadium steel.
- Drop forged, fine finished with full hardening and tempering.
- Provided with both straight and curved serration to hold different shapes easily.
- Also provided with wire cutter.
- Body made from good quality cold drawn steel sheets.
- End screw is provided with knurling for quick jaw adjustment.
- Smooth operating quick releasing mechanism help in single handed operation.
- Provided with good quality and corrosive coating to prevent from rusting.
